# How To Trade?

## WHAT IS IT?

By harnessing the power of e-KYC and collaborating closely with REMIT Bhutan, RSEB has introduced a groundbreaking initiative in partnership with BOB and BNB. This initiative brings forth a direct trading facility tailored for Bhutanese Living Abroad (BLA).

In light of the recent enhancements to the mCaMS platform, BLAs now have the capability to effortlessly open Central Depository accounts online, eliminating the necessity of engaging brokers in the process

**WALLET**  
The WALLET feature is a valuable addition in the mCaMS for BLA, facilitating the seamless loading of funds into your wallet directly from your BLA investment account using mBoB/mPAY. This functionality streamlines the process of transferring funds for investors and offers the flexibility to withdraw the funds back into your savings account as needed.

You're all set! You can now use mCaMS for all your trading needs.

1. No brokers involved
2. Direct access to trade
3. No signing of the documents
4. Reduced commission rates
5. Everything is processed online.

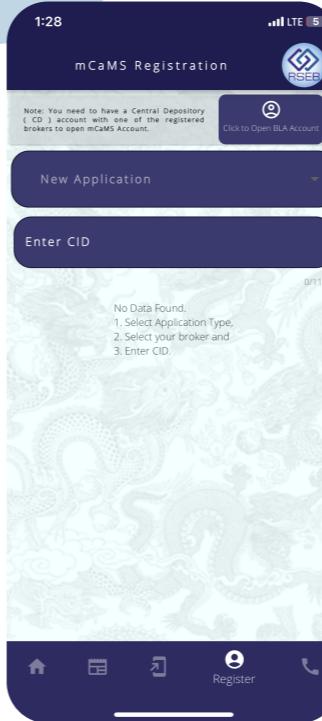

## REGISTER

1. Download and Install mCaMS.
2. Open an Investment Account with BOB/BNB using REMIT Bhutan or ensure you already have one.
3. Within mCaMS, proceed to open a BLA Account.
4. Enter your CID and click "Register."
5. Your account will be activated after undergoing a verification process.
6. mBoB and mPAY offer the option to load funds into your mCaMS wallet for share purchases. Remember to load your wallet before placing BUY orders

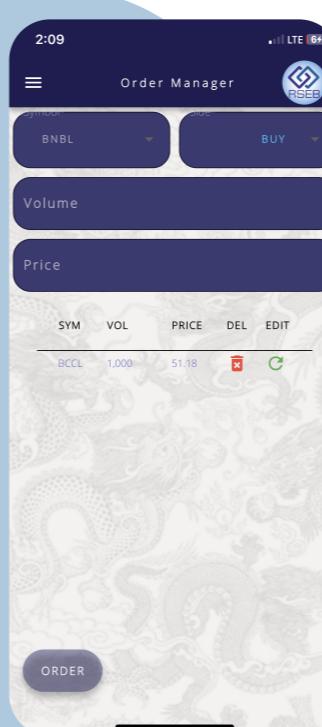

before placing BUY orders

# How To Use mCaMS?

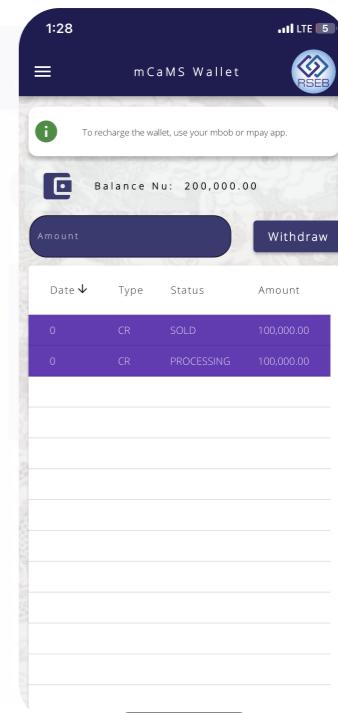

## 2. WALLET

You can access the mCaMS wallet feature from the navigation. The wallet shows all the transactions done in your wallet. The wallet can either be recharged from your mPAY or mBOB mobile application linked with your foreign currency BLA investment account in the wallet.

## 1. REGISTRATION

Click on Open BLA Account to register mCaMS account for Direct Trading facility. Once successful, you will receive an email with confirmation and you can use the credentials to Login

## 3. TRADE

1. To place an order, click Order Manager Select the symbol, order type (Buy/Sell)
2. Enter the volume and your desired price of buy/sell You can also change your orders before it gets executed by clicking on edit
3. Successfully executed orders will be shown in Executed Orders
4. For buyers equivalent cash should be present in the wallet, for sellers the trade amount will be deposited on T+2 settlement cycle.
